Tolmerra Water Authority

Annual Report 2024-25

Annual report, 2025

41 Quarry Street, Wattleford | 1800 975 707 | tolmerrawater.example

This report describes how Tolmerra Water Authority performed during 2024-25. It covers service delivery, customer outcomes, finances, safety and environmental performance.

Drinking water quality compliance was 99.97 per cent against Australian Drinking Water Guidelines health values. All 1,184 regulatory samples taken during autumn met these values.

Sewer blockages fell by 12 per cent compared with the previous year. We attended 94 per cent of urgent faults within the target response time.

Capital expenditure was $43.6 million. Major projects included the Wattleford filter upgrade, the Brindlemere pump station and the first stage of sewer relining in central Wattleford.

The Authority recorded an operating surplus of $6.1 million, which was reinvested in asset renewal. Total borrowings fell for the third year in a row.
